

WORK EXPERIENCE POLICY

STATEMENT OF CONTEXT AND PURPOSE

Student Work Experience at Global Village Learning provides students with an opportunity to sample career options beyond the classroom, involving short-term placements with businesses and organisations to gain insights into various industries and workplaces. All Work Experience arrangements adhere to Ministerial Order 382: Work Experience Arrangements. The Work Experience Policy and Guidelines outline the school's responsibility to prepare students for their Work Experience and delineate the obligations for both students and employers during their placements.

IMPLEMENTATION

At Global Village Learning we work with students to develop the skills and confidence required to participate in Work Experience. Work Experience is a compulsory component of the School curriculum for all Year 10 students. The students are required to undertake five days of work placement. Work Experience must be completed during the allocated School Work Experience week or in the students' school holiday break.

Students are placed with employers primarily to observe and learn, not to undertake activities which require extensive training or experience.

OCCUPATIONAL HEALTH AND SAFETY

Global Village Learning will prepare students for the risks and hazards they may face in the workplace. Prior to their placement all students will complete the online OH&S [safe@work program](#) which includes a general module and then an industry-specific module based on the type of industry they will be participating in.

DELEGATED OFFICER

The Delegated Officer (Career Pathway Advisor, Mentor, and/or Vice Principal) is a member of staff who will support the student to find a Work Experience position, liaise with the provider, and approve and visit the student while undertaking Work Experience.

PARENT/GUARDIAN

The Parent/Guardian is required to:

- Provide any medical information relating to the student which may impact on the safety of the student or the safety of others in the workplace, for inclusion on the Work Experience agreement
- Ensure transport arrangements are made for the student to travel to and from their Work Experience placement
- Accept responsibility for all expenses related to the student's participation in the Work Experience placement

STUDENTS

The Student is required to:

- Abide by all necessary information about their Work Experience placement
- Comply with the responsibilities outlined in the [Work Experience Arrangement Form - Student Agreement](#)

PRIVACY

Victorian privacy laws (*Information Privacy Act 2000* and *Health Records Act 2001*) protect the personal and health information of students. Information provided by students, parents and employers is obtained for the purposes of coordinating Work Experience. It must be kept confidential by all parties and must not be used for any other purposes.

CHILD SAFE STANDARDS

The Child Safe Standards are compulsory minimum standards for all Victorian Schools and environments. This includes workplace learning environments where students undertake Work Experience, structured workplace learning and school community work (volunteering).
